PRN AUTHORIZATION LETTER

Dear Dr. _____:

RE: Your Patient: _____,

To receive nonprescription and prescription PRN medications, State Licensing requires that either:

- 1.) Your patient be capable of determining his/her own need for the medication OR
- 2.) For nonprescription medication only, be able to clearly communicate his/her symptoms.

If your patient cannot determine his/her need for a medication, or, clearly communicate the symptoms for a nonprescription medication then you, the Physician, must be contacted before the PRN medication can be given. Your completion of this form will serve to document your patient's current ability to determine his/her own need for these medications.

As licensed care provider, it is my responsibility to monitor your patient's continued ability to determine his/her own need for PRN medications and inform you of any changes which indicate he/she can no longer make these decisions.

Thank you for your assistance.

Sincerely,
